

WILDLIFE BIOLOGY

Grand Haven High School

Course Number: D 43
Grade Level: 10 - 12
Credits : 0.5
Prerequisite Courses : None

Course Description

Topics include the following: Scientific Methods and Field research, Ecology and Habitat management, Great Lakes Ecology, Basic biology and adaptations of Fish, Birds and Mammals, Outdoor survival skills. Students will also be able to Identify common wildlife found in Michigan.

Course Objectives

Students will develop a basic understanding of ecological principles that influence wildlife populations in order to make informed decisions about our natural resources.

Student Expectations

Students are expected to respect themselves and others, maintain good attendance and be on time. Students are expected to do quality work and contribute ideas. It is important to also keep an organized notebook with all handouts and notes.

Communication

If you or your parent have ANY questions or concerns please email me at Glass@ghaps.org or call me at school (850-6170). Grades can always be checked on parent internet viewer.

Grading Policy

All points from assessments and projects / assignments are added together and divided by the total possible to get your percentage. Your Final semester grade will be based on the following: Semester 80% + Exam 20% + (Attitude and Work ethic)

Scope and Sequence

Building Behavioral Expectations

TEAM GH ... One Team, One Family, One Grand Haven. Be Kind. Always.

It is our expectation that ALL GHHS students, staff and parents will ... always give their best **EFFORT** in everything that they do, work hard to be **INCLUSIVE** of each other, show **RESPONSIBILITY** in class, the hallways, cafeteria and at events, and **WORK TOGETHER** at all times!
